“What Do You Need to Leave in the Crick (Creek)”

Joshua 4:1-18

Did you know that Joshua set up two sets of 12 stones in this narrative? One set on dry ground in the Promised Land and one set IN the midst of the Jordan. Why?

1. The purpose of the stones on the dry side.

2. The purpose of the stones in the midst of the Jordan (crick)

3. What stones are you carrying that you need to leave in the crick?

4. Leave the stones there.
