# CMA BASKETBALL

With a family friendly schedule and atmosphere, C&MA basketball is instructional and fun for all area kids in Kindergarten—8th grade. For three months, our goal is to acquaint youngsters with the basics of basketball with helping them learn life lessons through positive encouragement. Players experience skill-building instructions, regular season play, and exciting playoff action. Then in celebration of the season each participant is recognized for their hard work and achievement at the awards banquet in mid-March.

## What you need to know:

### Registration Fees Due December 3, 2024
